TO REGISTER

We wish to cordially invite you to join us at our symposium for XOSPATA during the 27th Annual Scientific Meeting hosted by Malaysian Society of Transplantation (MST) on the 10th of May 2024.

You will have the opportunity to understand the management of R/R FLT3+ AML Patients undergoing HSCT. Our speaker will also be sharing her experience in using XOSPATA from her clinical practice.

Venue

Virtual or Millenium 2 Ballroom, Le Meridien Putrajaya

Date

10th May 2024

Time

04.25 pm - 05.05 pm

Speaker

Dr Nurul Aidah

MBChB (Hons), MRCP(UK), FRCPath(Haematology)
Consultant Hematologist, Singapore General Hospital

Dr Nurul Aidah is a consultant haematologist in Singapore General Hospital. She subspecializes in acute leukemia and myelodysplastic syndrome, as well as having a special interest in flow cytometry and germline predisposition to myeloid malignancies. In line with her belief in providing holistic and individualized medical care to patients, she has led her department in adopting MRD-guided protocols for acute leukemia and is part of a multidisciplinary team that established blood cancer survivorship service in Singapore General Hospital. As a passionate educator, she is a faculty member of Haematology and Advanced Internal Medicine senior residency programmes.
